

**Mike Niemann***Lead Planner & Project Designer*[niemann@onlinelandplanning.com](mailto:niemann@onlinelandplanning.com)

Mike is senior conceptual and architectural designer with a diverse range of project types to his credit. For over a decade, his projects in entertainment, retail and the resort industry have taken him to remote outposts of the world including Australia, China, South Korea, Thailand, Europe, Mexico, and Canada. Well versed in many architectural traditions, Mike's involvement on projects encompasses both planning and architecture. He has provided creative direction for Walt Disney Imagineering, Mammoth Mountain Ski Area, Starwood Hotels & Resorts, and a whole host of other innovative companies and world famous individuals. Mike's unique global approach and eclectic clients have influenced his current work on several luxury resort projects in California that reflect his commitment to community and the environment, including California's Post Ranch Inn in Big Sur and the El Capitan Canyon Resort in Santa Barbara.

Bachelor of Interior Architecture, College of Arch/Planning/Design

Dean's Advisory Council, School of Architecture and Design, Kansas State University
